RICHARD BENYON.

TO THE GENTLEMEN OF COUNCIL AT FORT Sr. GEORGE.

GENTLEMEN

Mr. John Sanderson having commenc'd a Suit against my Servant Cashava Chittee Addapa commonly called Narrain which has occasion'd much and various discourse in Town being a Case so Circumstanced that the Truth of the matter charged in the Bill will perhaps at last be rather guessed at than fully appear, and as many in such an affair will be giving their opinions according to their Passions and Prejudices, I have thought it necessary in my own vindication to lay before you some Facts and circumstances which otherwise I should not have thought justifiable for any private provocation.

I shall begin then, Gentlemen, with acquainting you that the 13th. of November last in the morning, I received a Letter from Mr. Sanderson complaining in general of hardships he had suffered from me and in one part of his Letter said that he hoped I would be so just not to detain so large a part of his Fortune as my Man Narrain receiv'd of his Servant Mugga the 2d. March 1737-8. As the Subject was quite new to me & the whole of his Letter very unintelligible I desired he would come and explain it: It would be wasting too much of your time to recite all our discourse when he did come, but as to any hardships which have been put Upon him, you will, if he thinks fitt to tell you what they are, be able to judge whether he has any reason to complain, I beleive you will then think he has had great Lenity shewn him & there are many others who think it was too much. As to the mony which, he says, Narrain received, when I asked him what it was, he said it was two thousand Pagodas, and when I asked him for what, he said He understood It was for me; Upon which I told him I would take my Oath I never received a Pagoda of it, but says I We will soon enquire into this matter and thereupon called for Narrain, but he being that morning in Town, I appointed Mr. Sanderson to meet me again in the Evening, but, before I acquaint you with what passed then, it will be necessary that I tell you some things which passed before.

In January 1735-6 my Servant Narrain came into my Writing Room & shew'd me a Letter to him from Mr. Sanderson whose Servant Muggana had brought it to him with one thousand Pagodas design'd as a present for me, The Original I have ready to produce to you and the copy is as follows.

To CASSEM CHITTEE ADIPA.

I have sent my Servant Muggana to you who will inform you the great Misfortune that attends me here for want of a choice of able People to contract with besides the prices I allowed last year in proportion to the Deduction made is so great that I am informed by several People that the Merchants were actually losers by the cloth & still there is a large debt standing out by Lingan's Set of Merchants one of which has prov'd a Bankrup and owes half of the debt among them for his Share.

You will find by what Muggana will deliver to you I have made the same compliment for the Governour I ever did for his Predecessors which I do with a great deal of good Will, but can less afford it of any time since Mr. Macrae left Madrass.

You may depend upon my readiness to serve you on all occasions. I am

VIZAGAPATAM
THE 19TH. DECEMBER 1735.

Your assured Friend
JOHN SANDERSON.

——FORT ST. GEORGE, JANUARY 1739-40——

After I had read this Letter I was a good deal surpriz'd at the matter of it as well as the confidence he reposed in his Servant Muggana, I considered that if I return'd the mony by the bearer he might still pretend I had received it, and though I should have wrote Mr. Sanderson that I had not, I much doubted in whom he would have most faith; I therefore concluded It was most safe to take the money into my own possession & without saying what my design was I ordered him to be brought into me with the money, which was accordingly done & Muggana having laid the money down upon a Table before Me, He and Narrain went out again after which I delivered the money to my cashkeeper with directions to keep it till I called for it: and the 7th. February I wrote Mr. Sanderson a Letter the copy of which is as follows.

SIR

I have seen the Letter you wrote to Audiapa and am very sorry to observe by it, that you were upon such hard terms whilst you were at Injeram, when at the same time I have very good reason to beleive both your neighbours at Vizagapatam and Maddapollam sett Rent Free, But however that be I am sure neither the company's affairs or your own can be carried on as they ought to be, if what you offer upon the present occasion is once established as a constant practice. Yet that you might not be deceived in what has passed here, what your Dubash brought I have thought fitt to take into my possession and desire you will send an order to Mr. Morse to receive it of Me; He need not be acquainted upon what account, it is, neither is it proper that notions of this Sort should be publick or propagated for fear of the Evil consequence that such a way of thinking may be attended with.

As you know now what Terms you are upon with me I must recommend it to you that you are industrious & vigilant in promoting the Investment, you will want no reasonable Encouragement from hence, but we cannot answer to give such extraordinary prices for bad Cloth, when we ought to have given less for that which is good, but I write you apart and in the General more fully about your Investment and this is sufficient here.

I am
SIR
Your assured Friend.

FEBRY. THE 7TH. 1735-6.

The 5th. March Mr. Sanderson acknowled [*sic*] the receipt of this Letter and wrote me as follows. "I have your Honour's pardon to ask in Offering to do a thing so "contrary to what you seem to expect, if it is your Honour's pleasure of returning that "which my Servant delivered, if you please of sending it by some Vessel to me as it will "be less publick." Upon the receipt of this Letter from him and supposing the money his servant had delivered was current Pagodas I ordered Mr. Goulding who was my cashkeeper to lay it out in Madrass Pagodas and the 29th. May 1736 I sent them to Mr. Sanderson by Capt. Hepburn, & the 15th. June Mr. Sanderson wrote Me "The "small chest Captain Hepburn brought came out right according to the mark of the "Bag." The 24th. July 1736 he wrote me again as follows. "Possibly your Honour "would take it amiss if I did not inform you, but the Pagodas I sent your Honour was "a sealed bag of new Madrass Pagodas and it is reasonable to be supposed may have "been paid away in the room of other." I have no copy of what I wrote him in answer, but beleive it was in substance, that he judged right in supposing the mony had been paid away instead of other, that somebody was possibly the better for them, but as I was not I did not think myself accountable for the difference.

I need not take up your time in recounting what passed with regard to the Vizagapatam Investment till the end of 1737 when it was thought proper to call him up hither, and the 19th. January following he arrived here, 'twas then too busy a Season for us to enter upon any particular debates in council relating to the Vizagapatam affairs, except that it was agreed we could not advance the prices of that cloth or continue any longer to pay what we did the year before, but I had frequent discourses with him and he shew'd me some proposals which he said Raganacailoo had made, and he did not doubt would comply with them, I cannot now recollect all that passed between Us, but at last having assured me that if he was permitted to go to Vizagapatam again, he would do his utmost to make a good Investment and if he should not be able to do that, he would himself desire to come up next Season; I gave him to understand I would not be against his returning thither. We were too busy then in dispatching the Royal Guardian to bring the matter into council, but he doubted so little of going again to Vizagapatam that he proposed to me to buy a French ship

——FORT ST. GEORGE, JANUARY 1739-40——

which was then in the Road to be sold in order to be employed in the Trade between Vizagapatam and this place, which I very readily came into and it is remarkable That Ship sailed for Vizagapatam the 27th. February, four days before, he says, he sent the money & that day also his Paper relating to the Vizagapatam Investment was read in Council & which I beleive was looked upon then as preparative to his return thither.

I must now acquaint you with two other particulars but the exact time I cannot recollect, Talking with me once about his turn'd out Cloth he asked me if I would take it upon my own account, telling me I should have it for two thousand Pagodas less than it cost him or that he would lose two thousand Pagodas by it: I did not ask him to explain himself, but, guessing that he meant what he ought not, I only told him I did not know what to do with it, but I resolved from that time not to touch it upon any account.

At another time he brought me an open account current upon Ballance whereof would have been due to him upwards of two thousand five hundred Pagodas by reason of several sums he disbursed for my account, among others my share of the French ship abovementioned, and observing he had given credit therein for two thousand Pagodas as Cash received, which I knew he had not, I supposed it to be a Sum that he wanted to be paid in part of the ballance; I was therefore going to call for my Cashkeeper to order the money to be paid, but Mr. Sanderson stopp'd me and said he did not want the money, upon which I asked him What he put it in the account for? he replied again That he designed it as a present or desired that I would accept of it or to that Effect. Upon that I asked him, how he could make any such offer or imagine I had any such expectations after what had passed between us about the thousand Pagodas he sent by his Servant Muggana? Or said I, do you think I refused that because it was not enough? We had a good deal more discourse at that time but I cannot charge my memory with so much of it as to be particular in reciting it here, but it tended to convince him that I would accept of no such offers and that he might depend upon all the good offices in my power without any Expectations of that sort; In which as I was very sincere you may judge of my surprize when he first acquainted me he had sent two thousand Pagodas the 2d. March 1737. 8 by his Servant Muggana to Narrain.

Concerning which, Mr. Sanderson being come to me according to appointment the 13th. November last, I called Narrain in & charged him with having received that Sum from Mr. Sanderson by his servant Muggana & with having owned the receipt of it & promised repayment, which Mr. Sanderson affirmed he had. Narrain absolutely denied it but acknowledged that Mr. Sanderson, since his return to this place, had told him, that he had advanced to his Gomastas at Vizagapatam to the amount of two thousand Pagodas in Rupees & had demanded that money of him here, which Narrain said he had promised to pay if Mr. Sanderson had any receipt for it from his Gomastahs, or so soon as they should give him any advice that they had received it: Upon this Mr. Sanderson denied that he ever made any such demand upon Narrain, & said those accounts were settled at Vizagapatam & he had been paid there, Upon which Narrain replied No, Sir, for I paid you one Bill here of eight hundred thirty three Rupees & another of three hundred and odd Pags. Mr. Sanderson made answer that he was now paid all and had no demand for any money advanced his Gomastahs: Upon which I interrupted them and told Narrain That the Question was whether the 2d. March 1737/8 he received two thousand Pagodas from Muggana which was to be paid Me; This Nairrain denying again Mr. Sanderson asked him, whether he had not applied to him & told him That if he would persuade me to permitt him to go down again to Vizagapatam to settle his affairs there and bring up his family he would give him two thousand Pagodas: Upon this I asked Mr. Sanderson If he had not said before it was for me, "Yes, Sir," said he "so it was," "well then" said I "since you did go to Vizagapatam and that was the consideration for which it was intended, don't you think if the money be recovered it belongs to Me?" "No, Sir," said Mr. Sanderson "my turnd out cloth was to be taken in too": "Oh!" said I "that could not be" and in truth, Gentlemen, there was a very good reason why it could not be, which is that even Mr. Sanderson himself with the rest of you had wrote the Company The cloth from Vizagapatam was very bad in so much that we had turn'd great part of it

out, nor was it possible I could take it in, much less what he had turned out at Vizagapatam for being, as is said in the said Letter, worse than what we had rejected here, or if, in consideration of this intended present, I had agreed to it, which way could you Gentlemen, have been brought to consent thereto? but this by the way. Then M^r^. Sanderson went on & said That Narrain in answer to his application to him had told him that my mind was a little vexed about the bad Cloth and some ill usage of the Vizagapatam Merchants, but that if he would get the mony ready, he would let him know when it was proper to send it; but Narrain absolutely denied That M^r^. Sanderson had made any such application to him, and upon that I told M^r^. Sanderson I was very sure Narrain never spoke to me about his affairs, for that, though I did often hear him with regard to the Blacks, who, it might be supposed, he was best acquainted with, he knew his Duty better than to interfere in matters relating to the English. After this they engaged in some other discourse relating to some matters which had passed at Vizagapatam and some People who are come up from thence, which not being material to the Sum in dispute I ordered Narrain to withdraw, and then I went over again with M^r^. Sanderson all that had passed between us relating to the several offers he had made me and asked him how he could be so weak to trust such a Sum of money as that, in such hands? when I had so plainly caution'd him against it in my Letter of the 7^th^. February 1735-6 and not only so but though he staid in the place till the 1^st^. of April 1738 and was frequently with me between that day and the 2^d^. March 1737/8 when he pretends he sent the money, yet in all that time he never once gave me the least hint or Intimation of it, To which he only answered it was very true he had not. I told him it was a very odd story, He said "It was so, but he would not lose his money". I think this is the Substance and all that is material of what passed about this affair the 13^th^. November last. I heard no more from M^r^. Sanderson till the 20^th^. when he wrote me he design'd to see Narrain in the Mayor's Court and accordingly he filed his Bill there the 4^th^. December. Narrain has answered it and denied upon Oath That he ever received from Muggana or any other Person by order or in behalf of M^r^. Sanderson the sum of two thousand Pagodas or any other Sum to be paid to me; and there the matter rests at present: I suppose in the progress of the suit I shall be called upon to answer upon Interrogatories, whether I received the said Sum of two thousand Pagodas, but as that may not be before the departure of these Ships I think it very necessary in the mean time to clear myself of that matter upon Oath before you that you may bear testimony thereof to my Hon̄ble Masters, who if I had received that or any other Sum, would have good reason to conclude it was in consideration of my suffering them to be wronged by M^r^. Sanderson and indeed I cannot but beleive that was his Intention when he made the offer, and if I am liable to any blame from my Hon̄ble Masters on that account it is for looking on his several offers to proceed rather from the Weakness of his judgement than the depravity of his mind & therefore passed them over in Silence.

I omitted to tell you above that the 8^th^. March 1737/8 I paid M^r^. Sanderson two thousand five hundred twenty nine Pagodas nine fanams & twenty cash 2529. 9. 20, the ballance of the account then depending between Us. I am

He also delivers in as read & entered hereafter a State of the Expences & Revenues at Fort S^{t}. George & it's Subordinates from April 1738 to April 1739 and it appearing that the Revenues of this place in particular are upwards of seventeen thous^{d}. less than the preceding year the Board thought fit to make the following remarks, and first that the amount of them from May 1738 to April 1739 is not less than has been common but the great amount of them the preceding year was very extraordinary & unusual, but however another reason is to be assign'd namely that though the Quantity of Grain imported the last Season was rather more than usual, the price of it was not above two fifths 2/5 so much as the preceding year; And it appears by another State of the Sea Customs calculated from January to December for the years 1738 & 1739 that though there is a decrease of near 6000 Pagodas in the article of Grain alone there is an Encrease of two thousand seven hundred on the customs of other Goods which reduces the decrease on the whole to three thousand Pagodas. Accountant's annual report of the Expences & Revennes deliver'd in. Remarks on the decrease of the Sea Customs.

The great amount of the Land Customs was owing chiefly to a Ship that went to Manilha in July 1737 and another in February following, whereas from May 1738 to April 1739 there were no Goods exported thither and it appears by another State of the Land Customs as Entered hereafter that in truth they amount to upwards of Seven hundred Pagodas more last year than the preceding. & on the Encrease the Land Customs.

The second time I asked him again about the money, he said that "he had not spoke but desired me to be secret & he would see & get it me, and the "third time of asking for the money, he told me it was a Present and I must not expect "it, to which I made answer I should not fail of speaking to the Gov^{r}. about it, before "I left India."

RANDALL FOWKE,

FORT S^{T}. GEORGE
28TH. DECEMBER 1739.

TO THE HOÑBLE RICHARD BENYON Esq^{R}.
PRESIDENT & GOVERNOUR OF FORT S^{T}. GEORGE &C^{T}. COUNCIL.

HOÑBLE SIR & SIRS

All the answer that I think is necessary to be made to the long Paper the President was pleased to lay before this Board the third of January is, That I most certainly did send by my Servant Mugganah the second March One thousand seven hundred Thirty seven Eight, Two thousand Pagodas with Orders to deliver the same to Cassim Chtttee Audeapah (commonly called Narrain) and that I meant to present the same to the Governour, and that I had no View therein to the prejudice of my Honourable Masters, and in case I had given any present before, it was when I had given entire satisfaction to my Hon̄ble Masters in England, Therefore I thought it might not be unacceptable to Governour Benyon, and thô Governour Benyon as it is set forth in his Paper did slight the offers I had before made him, yet that was no argument that he truely slighted the matter, although it is very plain the manner of my doing it before, was not pleasing to him.

But as Governour Benyon absolutely disowns his having received this money, I think I have a just reason to claim the same from Narrain the Governour's Servant, who has Trick't both his Master & me, and that I have not only all the circumstantial proofs that can be Expected, but a direct positive and legal proof, as much as the nature of the thing can admit of, that the money was paid by Mugganah to Narrain; and that I cannot but be surprized that the Governour should make himself an Advocate for his Servant, as if it would admit of a doubt whether or no, Narrain had received The Two thousand Pagodas.

But to put this affair in a clear light, I sent for Mugganah from Metchlepatam, who is now come, and as he was the only person that transacted this affair, He the said Mugganah has made his affidavit before Timothy Tullie Esq^{r}. Mayor of the Corporation of Madrasspatnam, of the material Transactions therein, & thô I must lay under a very great disadvantage by prosecuting Narrain [in this] affair, who is supported by so powerfull a master, yet the Justice of my cause is the only reason which induced me to sue for the two thousand Pagodas, which as Governour Benyon Declares, it never was apply'd to the use I designed them, or that he received any Benefit thereby.

THEREFORE I do declare, & Depose upon Oath that (*as verbatim in the body of the consultation*).

I am
HOÑBLE SIR & SIRS
Your most humble Servant
JOHN SANDERSON.

Last consultation read & Signed.

General Letter N°. 12 from M^{r}. Andrews at Ingeram of the 26th. Ultimo read inclosing second Invoice & Bill of Lading for cloth sent us from thence on the George. Letter from Ingeram read.

The Report of the committee for affairs of the West Coast being called for and again read together with the Letters &c^{t}. received from thence by the Galatea and George in order to the preparing the directions to be sent thither by the George there appeared little material to add to the committee's remarks except the orders it might be proper to give on the regulations proposed with respect to the carrying on the private Trade on that Coast and about their management of Deceased Persons Estates. Directions to be sent to the West Coast by the George, agreed on.

As to the first the Board having considered the several orders lately made there on that subject, are of opinion that those which relate to trusting the Military, Arabs, Buggueses &c^{t}. are very proper as are the others also if applied only as cautions to the people not to run unreasonable risques, & therefore AGREED to order them to be so explained, as they don't seem to carry in them any particular tendency to the good of the settlement but rather to retrench that freedom of Trade which our Hoñble Masters allow to all their Servants in general. the Regulations propos'd for carrying on the private Trade there considered.

As to the committee's other remark founded on the Gentlemen at Fort Marlbrough having paid an old debt of Lieutenant Horne's in full when his Estate is not sufficient to answer all demands, contrary to the practice here which by long prescription appropriates the Goods carried on any Ship to pay the money taken up at Respondentia for the purchase of such Goods, it's AGREED to order for the future that if any Person dies there having no accounts with other parts of India, his Estate may be divided, but if there is reason to beleive he is so indebted, a reasonable time should be allowed for claims to be brought in from such places before a Dividend or any payment be made. Order sent them thereupon & concerning the Estates of deceased persons

For the rest it's AGREED to send the Deputy Governour & Council of Fort Marlbrough a copy of our committee's report for their observance. The Comittee's report sent them.

ORDER'D that the Warehousekeeper & Storekeeper do send on board the George the Long cloth & such of the Stores indented for from the West Coast as have not already been sent, and that she be dispatched as soon as possible. Wares & stores indented for from the West Coast ordd. on board the George.

—*FORT ST. GEORGE, JANUARY 1739-40*—

Teak Joyces ordd. to the West Coast.

Lest the Gentlemen of Fort Marlborough sould be disappointed of such supplies of Teak Timber from Batavia as they may want It's AGREED to send them on the George as many plank sawed into Joyces as can be got ready in time.

Stores supplied the George & Impress paid.

The Storekeeper presents to the Board Captain Taylor's indent for Stores for the George which being examined was ORDERED to be complied with, & the account particulars to be entered after this consultation as also

An account of four months Impress commencing the 1st. February, but there being due from Captain Taylor Rs. 138. 2. being so much advanced him at Vizagapatam more than expended for the Ship ORDERED that the said sum be deducted out of the impress now to be paid.

The Choultry prisoners & Coffrees recd. from Bombay ordd. on board the George.

ORDERED that the coffrees received by the Resolution & the three prisoners in the choultry be sent to the West Coast on the George.

Wares & stores ordd. to Vizagapatam p. Richard.

ORDERED also that the Wares & Stores indented for from Vizagapatam be sent thither on the Richard.

General Letter N°. 18 from Mr. Simpson at Vizagapatam of the 14th. ultimo read, inclosing the cash & paymaster's accounts for December, desiring a Supply of twenty thousand Rupees, and that Mr. Thomas Pitt's allowances for Diet & Wages may be the same with the Gentlemen in his Station at Ingeram, and referring Us till the next crop of cotton is gathered, for what number of Bales may be expected there by Christmas next.

Thos. Pitt requests his Diet & Wages may be the same as at Ingeram.

Sending Treasure to Vizagapatam deferred. The Board observing by the Vizagapatam December cash account that there remained a Ballance of upwards of eighty thousand Rupees are of opinion there can be no immediate occasion for a Supply and therefore AGREED not to send any by the conveyance that now offers, as the southerly monsoon now setting in will furnish frequent opportunities of sending supplies of Treasure thither when really wanted.

Mr. Thos. Pitt's request granted. AGREED to grant Mr. Thomas Pitt's request.

Orders sent to Vizagapatam about keeping the Cash. Mr. Simpson's being alone at Vizagapatam the last year having made it hitherto needless to send any orders thither in consequence of our Honble Masters commands received this year that the cash at all their Settlements shall be locked up under three Keys to be kept by the Chief & the two next of council & the ballance to be produced monthly upon reading the cash account, It's AGREED as Mr. Saunders is now going thither to direct their compliance with those Orders except that as far as five thousand 5000 Rupees & two thousand 2000 Pagodas may be kept by the chief only for ordinary occasions but that the whole ballance be produced monthly in consultation.

Encouraging Trade & Having in our Letter to the chief & council of Vizagapatam of the 13th. of February last recommendd. to them to allow all their Inhabitants without distinction a full liberty of Trade & a regular & impartial administration of Justice being not less essential to the Welfare of the place, It's AGREED as a means that may prevent any Complaints of hardships either from delay or other reasons to direct That when any

Administring to Gibson's Effects.

There not appearing any Creditors of the late Mr. Gibson here it's AGREED to tell the Chief and council that if there be any at Vizagapatam the best method they can follow will be to agree on some one of them to take out Letters of administration in our Court as he may then legally collect in the Estate & pay as far as it will go.

Having promised Mr. Richard Stevens, whom we appointed to assist the Supra-cargoes of the Duke of Lorrain to make him some consideration for that service on his return It's AGREED that one hundred, 100 Pagodas be paid him out of Cash.

A monthly writer to be entertain'd by the Storekeeper.

The Storekeeper being in want of another assistant in the room of Mr. Goodwin It's AGREED that till we receive a Supply of covenanted servants he look out for and entertain some person as a monthly Writer.

Last Consultation read & Signed.

Letter from Fort St. David read.

The Fort St. David Merchants proposals for the Investment considered.

General Letter No. 19 from the Deputy Governour & Council of Fort St. David of the 9th. Instant read relating chiefly to their merchants proposals for bringing in three thousand Bales by the end of January next which being considered, and that their Merchants have performed very well the last year and also what the Deputy Govr. & Council write Us that the Merchants may well be trusted with the advance proposed of 50000 Pagodas, & that as a further security Irshapa Chitty a Substantial Merchant had agreed to join with the other two and that a less Sum would not enable them to carry on the business, the Board AGREED that the Deputy Governour & Council be permitted to advance them that Sum and also that the Brokerage to be allowed on the Several sorts of Cloth be the same as last year.

As to what the Gentlemen at Fort St. David write Us relating to the price of Fanams being raised at Salem & proposing to leave off providing Cloth there, the Board are not as yet willing to comply therewith partly because it is a cloth the company seem well pleased with, & partly because the rise of fanams may be imputed to a more natural cause, namely the baseness of the money of this province & for any agreement which the French Merchants may come into We are of opinion no dependance is to be put on that longer than they are in want of money which we are told is a good deal the case at present.

As to the other proposal of the Fort St. David Merchants that no agents from Ours be employed to provide Goods at Salem, Chemanackpollam & Worriapollam, It is AGREED for the present to tell the Gentlemen of Fort St. David That we will endeavour to draw them off from thence as soon as we can but that we can promise them nothing certain till we have discoursed with our Merchants which we have not time for till after the dispatch of the Duke of Lorrain.

3000 Ps. of Blue Cloth to be provided at Fort St. David.

Then the List of Investment being called for It was AGREED to permit the Deputy Governour & Council to contract for three thousand peices of Blue Cloth and no more.

A supply of Cash ordd. thither.

The Ballance of the Fort St. David Cash the end of January being no more than 10994 Pagodas & it being probable the merchants there will soon be ready to send their money into the country AGREED to send twenty thousand 20000 Pagodas overland to morrow Evening.

Letters to Vizagapatam & England approv'd.

Letter of this date to the chief & Council of Vizagapatam to go with Mr. Saunders read & Signed.

Draught of a Letter to the Honble Court of Directors to go by the Duke of Lorrain read & approved.

——*FORT ST. GEORGE, FEBRUARY 1739-40*——

ORDERED that when the Duke of Lorrain has taken in all her cargo the Paymaster & Gunner do go on board to survey her men & warlike Stores & make their report thereof to Us. Survey of the Duke of Lorain's men & warlike stores ordered.

ORDERED that the Warehousekeeper do send on board the Duke of Lorrain her charterparty proportion of Goods for S^{t}. Helena half in arrack & half in Rice agreeable to the Gov^{r}. & Council's request of the 8th. March. Charterparty Goods for St. Helena ord^{d}. on board the Duke of Lorrain.

The Export Warehousekeeper acquaints the Board that conformable to their resolution of the 24th. Ultimo he has bought one hundred & thirty 130 Garce of Paddy at twenty two 22 Pagodas ℔ Garce which is approved. Paddy bought.

THE HUMBLE PETITION OF

SHEWETH

That the River washing the Town Wall to the Westward, not only endangered the said Wall and the adjacent Buildings, but by the Ebbing & flowing of the said River left shallow Grounds and low swamps, which by the heat of the Sun became a nuisance to the Town; Your petitioners at a very great Expence & trouble have effectually prevented & remedied these mischiefs, by building a Wharf Wall upon a foundation of Brick Wells, sunk & filled up with lime Stones and other materials for Cement, Your petitioners have also faced the said warf Wall with Iron Stone, and raised thereon Brick Pallisadoes to the great Ornament of the River & Beautifying the Prospect of the Town.

Your petitioners shew that in consequence thereof several peices of Grounds have been taken out of the River, which peices of grounds may be very useful to your petitioners Houses & Grounds thereto adjacent: Your Petitioners therefore humbly Pray that by a Grant from this Hoñble Board the said Grounds so gained from the River may be appropriated unto Your Petitioners & their Heirs for Ever, according to the Proportions now possessed by your petitioners.

And Your Petitioners as in duty bound
Shall ever pray.

At a Consultation

Present

Monday the 10th.

Richard Benyon Esq^{r}. Gov^{r}. President.
Randall Fowke. Augustus Burton.
Nicholas Morse. William Monson.
George Torriano.

Last consultation read & Signed.

Letters read from Vizagapatam & Ingeram.

General Letters read Viz^{t}.

N^{o}. 30 from the Chief of Vizagapatam dated the 13th. Ultimo acknowledging the receipt of ours of the 23^{d}. January & of the Wares & Stores sent thither on the Richard inclosing the monthly papers for January & advising that the troubled state of the Country thereabouts renders it impossible to compute the number of Bales that may be expected by August next.

N^{o}. 31 & 32 both from M^{r}. Andrews at Ingeram the first dated the 18th. January advising the steps he had taken for the security of the Honble Company's Effects in the troubles that then disturbed that part of the Country & inclosing copy of his Letter to Vizagapatam on that occasion which is ORDERED to be entered after the former. The other dated the 20th. February advising how far the French had succeeded in their endeavours to procure the passing of their pagodas.

Fort S^{t}. David & Vizagapatam Extra^{y}. Expences reported.

The accountant delivers in the particulars of the Extraordinary Expences at Fort S^{t}. David & Vizagapatam for the months of September, October, November & December which being examin'd are entered hereafter.

The Wareh^{o}. keeper ord^{d}. to buy Packing stuff.

The Supplies of Packing Stuff received from the Bay not being sufficient to answer our occasions here, & at the Subordinates the Export Wareh^{o}.keeper is ORDERED to purchase some more in Town and Eight hundred 800 Pagodas are advanced him for that purpose.

Directions given M^{r}. Prince concerning the Investment.

M^{r}. Prince having been directed to attend he was called in, & the Musters of our Izzarees, and Fine Long Cloths & Salampores being shewn him, and he acquainted with the faults complained of from England in those sorts of Goods, as that the Izzarees made here are too thin & that the Fine Long Cloths & Salampores from Ingeram are of too soft a Thread & not well cured, it was demanded of him whether he could provide any & what Quantity of those Sorts in the Year free of the faults complained of. He seemed doubtfull of being able to procure above five hundred Peices of the Izzarees agreeable to the muster, but promised his best endeavours to encrease the Quantity, it being recommended to him to make it, if he can, a thousand Peices. As to the Fine Long Cloths & Salampores he could not say how much he might be able to get and the Board beleiving he cannot procure more than will be wanted, recommended it to him to get all he can that is good, directing him to send up what he may have ready in August brown, but to whiten what more he may have to send up in December (as there will not be time to do it here for the Ships to be dispatched at that season) & to endeavour to mend the defect complained of in the Colour: He was also directed to use his utmost care to prevent in future the complaints that have repeatedly been made from England that the Ingeram Cloths do not answer the Lengths & Breadths specified in the Invoices.

——FORT ST. GEORGE, MARCH 1739-40——

And then the President was desired to write a Letter to Anewardee Cawn Nabob of Rajamundrum relating to the discount on our Madrass Pag^{s}. and to draw out Instructions to M^{r}. Prince agreeable to the foregoing Resolutions.

The Presid^{t}. desired to write to the Nabob of Rajamundrum about the the discount on our Madrass Pagodas.

The Company's Merchants attending according to appointment the Board discoursed them fully relating to the Proposals lately received from Fort S^{t}. David and the Merchants being withdrawn it was AGREED to write to Fort S^{t}. David in substance as follows.

Our Merchants answ^{r}. to the proposals made by those of Fort S^{t}. David.

That, with regard to the Fort S^{t}. David Merchants proposal for our Merchants desisting to provide Cloth at Chemanaickpollam, Worriapollam & particularly at Salem our Merchants do not of themselves seem very fond of looking out for more Cloth at the two first of those places than is necessary to getting in their ballances, but that they are not to be brought to the giving up Salem, That neither We or our Merchants think any Engagements with the French to be depended on longer than they suit their conveniency, That it is not only the French but the Dutch & Danes also as well as the people at Porto Novo who provide Cloth at Salem, and though they may not all provide so good a Sort as we do it seems not to be doubted the Weavers will find Employment. That we cannot concurr with them in opinion that the pagod^{s}. which pass in the Country are as good this year as the last, being well assured that large parcels have lately been coined much worse, insomuch that our Sealed Bags which are kept as near to Eighty Touch as the judgement of our Shroffs will admit of our Merchants exchange here for other money that passes equally current in the Country & receive a batta on them from $1\frac{1}{2}$ to $2\frac{1}{2}$ ℔ Cent. That whatever there may be in their reasons & our Merchants objections the latter tell Us possitively That if they are restrained from providing Cloth at Salem they cannot hope to make an Investment elsewhere, the cloth of the company's Sorts manufactured in this part of the country being next to nothing; adding that though some Parcels of Cloth do sometimes come in from Salem much worse than at other times, the Cloths from Worriapollam & Chemanaickpollam have of late been much worse in proportion. Upon the whole that we think if any advantage is to be made of the French being at present quiet at Salem we ought not to let slip the opportunity of encreasing the Investment in a Sort of Cloth the Company seem to be pleased with.

AGREED that Ten thousand 10000 Pagodas be paid Tellasinga Chitty & Nella Muta Comrapa for Cloth brought in since the last advance.

Money advanc'd Telesinga Chittee &c^{t}. for Goods bro^{t}. in.

To Captain Henry Hoadley
Commander of Ship Royal Guardian.

Sir

The President & Council not finding that your Ship is consigned hither have ordered me thus to demand of you your reasons in writing for coming in here.

I am
Sir
Your very humble servant
John Savage,
Secry.

Fort St. George
4th. April 1740.

To the Hoñble Richard Benyon Esqr.
President & Govr. &ct. Council of Fort St. George.

Hoñble Sir & Sirs

I Yesterday received a Letter from Mr. Secretary Savage by your order demanding my reasons for coming in here not being consigned hither, in obedience thereto I am to acquaint Your Honr. &ct. that though I left the Downs the 9th. of August, I did not reach the Cape till the 25th. of November where I put in agreeable to my Instructions for refreshment to my people who began to fall down with the Scurvy, I was necessarily detained thereby till the 8th. Decembr. when I went on board in Order to proceed on my Voyage for the Malabar Coast, but a Strong N. Wt. Wind prevented my getting out till the 18th. I had not been long out when my people began again to fall down & when I made the Island of Ceyloan the 27th. March I had buried four of my own People and had forty six of them quite useless, Of forty Soldiers I had for Bombay Six are dead, one deserted at the Cape & the rest are in a miserable condition and of twelve Lascars I was ordered to bring out six are dead & the rest are down.

We fell in with the Island about 7 Leagues to the Eastward of Dundrahead & tried to beat it up, but the South West Wind & Current so strong against Us that We found we had lost about six Leagues, that day whereupon I called a Consultation of all my Officers at which it being considered that in the condition we were in it would be impossible to gain our passage to the Malabar Coast that the hands we then had were not sufficient to weigh our Anchors should we be obliged to make Use of One, or to work the Ship and even those dayly falling down, it was unanimously agreed to be absolutely necessary for the safety of the Ship & the lives of our people to bear away for this Port where I have buried three Men since my arrival and am obliged to land all the Soldiers and almost all my own People in order to their recovery.

ORDERED that the Paymaster do make all the dispatch possible to compleat such of the repairs as were thought necessary in Consultation the 14th. of August last, particularly the Wall from New Point to the Blockhouse, & a Palisado of Redwood from thence to the Sea it being very easy for an Enemy to force their way by that Point & then the whole black Town will lye open to them there being no wall between that Point & the White Town.

The making Provision for the expected China ship, considered.

The president puts the Board in mind it is time to consider of making some provision for the China Ship, & adds that some Tinn being lately arrived at this place & St. Thomé, the French agents had come up to agree for the purchase, upon hearing which, he had sent for the Owners of the Junk Ceyloan Ship to treat with them about the purchase of their Tinn, which may be about two hundred candy, that they asked two & forty for it, but at last agreed to let the Company have it at thirty nine, if the Board thought fit to give so much, & it being considered that there is but one Macao Ship upon the Coast, & that if we can prevent the Tinn falling into the hands of the French it may be one means to hinder a Ship being sent from Pondichery this Season. That Tinn sold for upwards of thirteen Tale a Pecul last year in China, & that we may reasonably expect the same or a better price for what goes upon our Ship if we can prevent any Quantities being carried by others; It was AGREED to give Telesinga Chitty & the other owners of the Junk Ceyloan Ship thirty nine 39 Pagodas ℔ Candy for their Tinn, & that the president be desired to send proper Persons to contract for what can be purchased at St. Thomé.

Agreed to purchase Tinn at 39, &

Cotton at 24 Pags. ℔ Candy.

Mr. Massey Supracargo of the Prince Frederick having a parcel of Surat cotton on board, which he is willing to sell here, and as that is a profitable article in China, It was AGREED to purchase from two to three hundred Bales if he will spare so much at twenty four 24 Pagodas the Madrass Candy.

The purchasing sandalwood suspended.

The president also acquaints the Board he had discoursed with the Owners of some Sandalwood, & had offered twenty four 24 Pagodas a candy which they at first agreed to but they refusing to have it sorted in the same manner, as that bought last year, the bargain was not concluded. AGREED to wait till the Arrival of the Ships from the Malabar Coast, as what is provided there for the Royal Guardian may possibly be sent hither upon the advice of her arrival here.

RANDALL FOWKE.	AUGUSTUS BURTON.	
NICHOLAS MORSE.	WILLIAM MONSON.	

M^{R}. TORRIANO *Sick.*

The Nabob & several other Great Men defeated & killed by the Morattas.

The president acquaints the Board That last night he received advice which was confirmed this morning, that the Nabob Doost Alley Cawn & his youngest Son Hussain Alley Cawn & several other Persons of Note had been killed in an Engagement with the Morattas, at the pass of the Hills which divide this province, from Corrapah ; the particulars of which Engagement according to what we yet hear are as follows. The Nabob was lying at the pass with no more than two thousand horse, & about ten thousand Peons of Bungar Veasum Naigues, the Morattas being then on the other Side the pass, Some Overtures were made by the last for an accommodation but not receiving any answer from the Nabob that was satisfactory, the Morattas found means to bring about ten thousand horse through a Wood (the Poligar of which it is supposed shew'd them the way) & the 9th. in the morning they appeared in the Nabob's rear, at the same time the rest of the Moratta Army possessed themselves of the Hills & came down in his Front, the Nabob's Forces were soon surrounded & the Enemy charging them with Fire arms, the Nabob, his Son Hussain Alley & several others about him were soon killed, after which the Morattas having proclaimed That if the rest would disperse they should not be pursued, the Nabob's forces soon Fled : Subdar Alley Cawn the Nabob's Eldest Son, who was upon his march to his Father but with no more than three thousand horse hearing of this defeat turned back and 'tis thought designs to shut himself up in Velour.

The measures necessary to be taken here considered. All the Men in Garrison ord^{d}. upon duty.

As there is no room to doubt now that the Morattas may & will range over the whole province, the President acquaints the Board he had this morning ordered all the Men we have in Garrison to be upon Duty, but considering how many Guards & Points we have they will at best be very weakly mann'd & therefore proposed to the consideration of the Board what further to do upon the Emergency, upon which it was AGREED as follows.

The Out Choultrys not tenable.

That considering the few Men we have particularly Europeans it is impossible to spare any force sufficient to mann the Out Choultrys which were formerly erected to defend the Suburbs, besides that those Choultrys are so much gone to decay, that they are not tenable, and were they in better repair it would take up so many Men to mann them that it would lessen considerably the small number we have for the Guard of the White & Black Towns ; That they lye at so great a distance as not easily to be succoured, & if they should be hard pressed, the Men would be in very great danger of being cut off before they could retreat to the Town : AGREED therefore that it is not safe to trust any Men at the Out Choultries, but as it would make too much noise & alarm the Inhabitants to bring the Guns in from thence It was only ORDERED that they be nailed up.

The Guns at the Out Choultrys to be nailed up.

All the Europeans and Topasses procurable to be entertained.

ORDERED also that as many Europeans & Topasses be entertained in the military & Gunroom as can be procured, This Order is made general because we have too much reason to beleive the most that can be got will be far short of what is necessary.

200 Lascars to be rais'd for the service of the Gunroom.

There being upwards of two hundred Guns mounted on the walls & Bastions, & the number of Men in the Gunner's Crew not being above one Man to two Guns & as in case of action our military will be of most Service with their Fire arms, It is AGREED to entertain two hundred Lascars, if so many can be procured, to assist in working the Great Guns.

100 Peons to be taken into pay.

ORDERED also that one hundred Peons be taken in upon the Company's pay under the Command of the chief Peon.

——*FORT ST. GEORGE, MAY 1740*——

The Poligar to raise his 200 additional Taliars.

And the Poligar of this place being obliged upon any Emergency to raise two hundred additional Taliars on the Company's paying their Batta during the time they are in Service, The President was desired to order the poligar to get them ready as soon as possible.

Last Consultation read & Signed.

Letter from Tellicherry read.

General Letter N°. 45, from the Chief & Council at Tellicherry of the 28th. Ultimo, relating chiefly to the Bermudas Sloop & inclosing a List of Freight put on board her for this place.

Stores supplied the Bermudas sloop.

the wareh°. keeper to receive her freight.

The Storekeeper sends to acquaint the Board that the Master of the Bermudas Sloop had applied to him for some anchors & cables, & other Stores for the Use of that vessel ; ORDERED that the Storekeepr. do deliver them : and that the Export Warehousekeeper settle & receive the freight on the Coir She brought hither, as customary.

Dispat h of the ship Princess Augusta & sloop Bermudas agreed on.

AGREED to dispatch the Ship Princess Augusta & Sloop Bermudas to the Bay the 14th. Instant, & to desire the president & Council of Fort William to return the former to Us the end of July, or beginning of August, with a Loading of Salt petre and if that cannot be spared to fill her with Rice.

Wares & stores ordd. to Vizagapatam on the Enterprize.

The Enterprize Brigantine now in the Road, being to Sail for Vizagapatam in a day or two, ORDERED that the Wares & Stores indented for from thence the 4th. April be Sent thither on her.

Sale of the Company's Lead deferred.

The Sale of the Company's Lead was appointed to be on this day but our Merchants & Inhabitants being in the greatest Consternation upon the present news from the Country, It was AGREED to deferr the Sale till some other time.

A new Copy of the Peddanaigue's Cowle given him on Parchment.

The Peddanaigue's Cowle granted in 1706 now lying on the Table being drawn on paper almost worn out by time, & hardly legible, ORDERED that the Secretary give him a new Copy drawn on parchment.

The president desired to employ a proper number of spies.

The president was desired to employ such a number of Hircarrahs as he thinks proper to Send into the Country to observe the motions of the Morattas

One of the Hircarrahs came in last night & brought advice that the Morattas had sent about twenty Spies towards the Sea Coasts, though he could not tell upon what design, but a Letter from a considerable Man in the Country to his Son that is in Town, mentions the same number of Spies being sent, & adds that it was to enquire what fresh Water there was in the Rivers, or Tanks, & particularly how much there might be in Chambrepauck Tank, & this morning came into Town several of the Inhabitants of Trevelour which is about 12 hours Journey from this place, who had fled from thence, & report that a party of horse was come there, & were plundering that place.

There being a parcel of Straw houses & huts lying to the northward of the Black Town within fourteen foot of the Walls which in case of an attack on that side would be very inconvenient & make it dangerous, ORDERED that notice be given to the Proprietors to pull them down & remove the materials elsewhere, but it was at the same time AGREED that the Paymaster with the Chief Bricklayer & Chief Carpenter do first take a Survey of the same & Report the value to the Board, that we may agree upon allowing the Owners some reasonable Satisfaction.

28 Sailed Ship Ceres Samuel Lutton for Bengal with a Duplicate General Letter of the 24th. Instant.

At a Consultation

Present.

Friday the 30th. Richard Benyon Esqr. Govr. President.
Randall Fowke. Augustus Burton.
Nicholas Morse. William Monson.
George Torriano.

Last Consultation read & Signed.

Money paid in for Fanams sold. William Monson Import Warehousekr. pays in three thousand 3000 pagodas on account of fanams sold, being in part of the advances made him the 19 & 27th. Instant to buy Silver to coin into that species.

Money advanc'd for the painters. Agreed that one thousand 1000 pagodas be advanced the Export Warehousekeeper for the Painters.

Letters to the northern settlements. A Country vessel being to sail in few days to the Northward, it's agreed to return the Vizagapatam and Maddapollam Peons on her & the several late Letters from those places being called for in order to form answers thereto, all the reply that seemed necessary to those from Vizagapatam was what the Chief & Council write concerning the administration to Mr. Gibson's Effects, & the present demanded by their new Nabob. As to the first it's agreed to referr them to their future Correspondence with Mr. Jones, who (the board are informed) either has or intends to administer to that Estate. For the latter, it's agreed to tell them that the new Nabob's accession seems to furnish him with some pretence for demanding that present, but that we hope those Changes will not happen frequently or that he will not expect more presents than were made to his Father.

Directions to Vizagapatam about the administration to Gibson's Effects & the present made the new Nabob.

Cash accounts to be sent up monthly from Maddapollam. The Maddapollam Letters not offering any thing that requires a reply from the Board, the Secretary is ordered to Send away those peons, & direct that the cash accounts be sent hither Monthly with the Journal parcels of that Residency.

The Town lying open from Charles's Point to the Cloth Godowns next the river, A Wall to be built. Paymaster to prepare materials & a plan. There being no Wall from Charles's Point to the Cloth Godowns next the river, for which reason that part of the White Town lies entirely open and defenceless and may be of very ill consequence if the place should be attacked, It is agreed to be absolutely necessary to have that part of the Town inclosed with a Wall also, & the Paymaster is ordered to lay in materials as soon as possible & while those are getting ready he is ordered to prepare a Plan of that part of the Town that the Board may the better consider in what manner to have it built.

The Ditch from Queen's Point round the Black Town to the sea to be new dug. The Ditch which was formerly dug from Queen's Point round the black Town to the Sea Side being by length of time & from neglect in not keeping it clear, now almost entirely filled up, the Paymaster is ordered to have the same new dug, as the Board are of opinion it will be very usefull to keep off an Enemy, more especially as the Walls of the Black Town are but weak & we have but few men to defend them.

A new Establishment for the Gunroom considered & agreed on. The Board then took into considiration the number of Men in the Gunner's List as settled in Consultation of the 19th. August 1732, as also a List of the Guns mounted upon the several Points & Curtains & agreed that so small a number is far short of what is necessary in case of any attack & in such case we ought to have some Persons of more knowledge & Judgement than common men to direct the firing the Guns & therefore that more Mates & more Europeans ought to be entered into pay & after some time spent in considering thereof, the Board agreed upon a List as entered after this Consultation for the present establishment, & the Paymaster & Gunner are ordered to look out for proper persons to be entertained agreeable thereto.

——*FORT ST. GEORGE, MAY 1740*——

There being several Persons in the Gunner's List who have been long in the service but are now disabled and unfit for duty ORDERED that they be struck out of the Gunner's List & entered upon half pay & the List of their names entered hereafter. Several persons in the Gunroom disabled & superannuated put on half pay.

ORDERED that one thousand 1000 Pagodas be advanced the Paymaster to defray the charges of the Garrison. Money advd. the paymaster.

Letter from Fort S^{t}. David read. request for more Fanams. a serjeant & 3 Corporals more wanting in each Company. Fort Ditch wants repairs; Calculate of the Charge. Stores worn out for the year. Indent for more & some Great Guns.

General Letter N^{o}. 53, read from the Deputy Governour & Council of Fort S^{t}. David of the 3^{d}. Instant, inclosing their Monthly Papers for April & Cash Account for May, requesting a Supply of four or five thousand Pagodas worth of Fanams or that we will permit them to coin them there, representing the necessity of entertaining one Serjeant & three corporals more in each of their companies, and of cleaning & repairing their Fort Ditch, with their Paymaster & Gunner's Report & Calculate of the Expence thereof. Inclosing also their Storekeeper's Indent for Stores wanting there, & List of Stores worn out & decay'd in the year amounting to Pagodas 94. 14. 72, which they desire leave to write off, & requesting us to Send them some Great Guns, all they have being very old & many of them unfit for Service.

Fort S^{t}. David Letters considered. Resolutions thereon.

The foregoing Letter with the several others from Fort S^{t}. David unanswered of the 30th. April & 21st. & 31st. of last Month being taken into consideration the Board came to the following Resolutions thereon.

M^{r}. Holmes to be offered to be paid for his Gunpowder.

That the Storekeeper do offer M^{r}. Holmes Supra Cargoe of the Pulteney to pay him in money rather than in Specie for the Gunpowder he spared the Deputy Governour & Council of Fort S^{t}. David.

It's unsafe to send Fanams overland till the troubles are abated or till the Mary returns to Fort S^{t}. David.

That the roads being at present so infested with Small straggling parties of Moors horse & Poligars, it may be unsafe to Send them a supply of Fanams over land, Agreed therefore to deferr the sending any till the troubles are abated or till the Mary returns which will be in few days & it's not impossible but a shift of Wind may enable her to reach Fort S^{t}. David by the end of the Month.

Stores worn out &c^{t}. to be wrote off. A serjeant & 3 Corporals more allow'd to each Company.

That the Deputy Governour & Council be permitted to write off the Stores worn out, decayed & lost by weight the last Year, & to allow one Serjeant and three Corporals more to each Company.

They are permitted to set about cleaning the Fort Ditch & carrying it on.

That the cleaning the Fort Ditch & carrying it round the Fort appearing to be a work as necessary as is represented in their Letter, and the paymaster's & Gunner's Survey & Report thereupon, & more so in the present Juncture & uncertain Situation of Affairs in this province, the Deputy Governour & Council do direct it to be set about as soon as it can.

The raising the Old wall of the Ditch for a Breast work for the small arms judged unnecessary.

That as to what is proposed by the Paymaster & Gunner in their Report about raising the old wall of the Ditch about three foot higher by way of a Breast work for small arms, however proper it might be had they a strong Garrison appears to Us not only unnecessary but may also be inconvenient for ¡We apprehend the few Men they have to defend the Fort ought in case of action to keep within and in such case a parapet Wall would hinder the Effect of their small arms from the Points & Curtains.

——*FORT ST. GEORGE, JUNE 1740*——

AGREED to acquaint the Deputy Governour & Council of Fort S^{t}. David with these our Resolutions & to recommend to them that the works be substantially performed & with frugality in the terms of the 53^{d}. para of our honble Masters Commands to this Presidency by the Nottingham dated the 9th. of February 1736. Frugality recommended in carrying on these works.

AGREED that the Storekeeper do comply with the Fort S^{t}. David Indent as far as he can by the Mary. Fort St. David Indent for stores to be complied with by the Mary.

The Import Warehousekeeper pays in two thousand four hundred & fifty three Pagodas five fanams 2453. 5 on account of fanams sold being in full of the advances made him the 19th. & 27 Ultimo to purchase Silver and the demand for fanams still Subsisting as well here as at Fort S^{t}. David, he is ORDERED to purchase four thousand 4000 Pagodas worth more of Silver to coin into that Species & that Sum is now advanced him. Money paid in for Fanams sold. More silver to be bought to coin into Fanams.

——*FORT ST. GEORGE, JULY 1740*——

COPY OF A LETTER FROM Mr. LE BLANC AT PONDICHERRY DATED THE 17TH. JULY N.S. 1740.

SIR

Mr. Monger concluded a Contract for his ship the latter end of this last week, Yesterday he fixed to give us possession of the Ship Nancy, which has occasioned a strange disorder ; I take the liberty to let you know what past on that Occasion knowing you to be too good a judge not to blame a parcell of rouges that he had on board, who, if in England, or if Frenchmen, would have had the Gallows for their Pains. Yesterday I being on board the Brigantine, Monsr. Pathelin, Mr. Monger, Mr. Sheraader, (who was chief mate aboard the Nancy but discharged here by the Captain 4 days ago, because he is an honest Man & would not join his Captain in his rogueries) who two Frenchmen, came on board about 5 0' clock in the evening, desiring me to go on board the Ship Nancy with them to take possession of her, I accordingly went with them on board said ship where on our approach they hoisted English Colours, being on board, Mr. Monger presented to Captain Coxon the Copy of his Owners orders to the said Captain, asking him if he did know said Orders to be just, he answer'd he did, whereupon Mr. Monger told him he sold the Ship, & desired him to give us possession which he refused doing, although securities offered him in writing to pay all wages due on the said Ship &ct. from the time of our going on board, & while we stayed there, the second Mate whose Name I beleive is Heath with three black helm's Men, were posted at the foot of the Ensign Staff, swearing & blaspheeming that any man that would attempt taking down the English Colours, he would knock out his Brains ; a Man that the Capt. Ship't (I know not where he got him) as his cheif Mate, but that same day, all the time we were there abusing Mr. Monger after the most vile manner, swearing that no possession should be given of the Ship to any body, untill he, the Capt. and the other Officer, as well as all the Lascars &ca. were paid two Month's conduct money, a thing not known in the Indies. In short, Mr. Monger in writing signified to the Capt. that he protested in the name of the Owners against him, & therein ordered him to strike his Topmasts & moore the Ship untill further Orders, which Signification, the Captain took in his hand after he heard it read, & gave it before us all to a Man with orders to throw it over board, which was done; we quitted the Ship; Mr. Monger as soon as ashore went, & made his complaint to the Governour praying him to assist him by force to keep the Ship & what was in her for the Proprietors, the Govr. immediately ordered 14 Soldiers with a Serjeant to go on board said ship and Secure her by force or otherwise for the concern'd, and in the mean time sent orders our Europe Ships to Arm & man their boats to hinder the said ship's getting away, & he ordered me to go with Mr. Monger to see his orders put in Execution, the Chellinga that carried the Soldiers got away before Us; on our coming near the Ship seeing a great deal of lights on board, thought the Soldiers had got possession, but coming more near we were Ordered by the Englishmen on board on pain of Death not to advance we were then under her, so as to hear very plainly Captain Coxson order to fire on us, Mr. Monger made himself known to the Capt. who asked him what he wanted, he answered to go aboard his Ship, on which he ordered a Second time to fire on us, & to heave some grenadoes on board, which seeing, & that we had no Arms nor Men, we made off, expecting every minute the Effects of their madness, & went on board the Europe Ships for their help, on going a good distance from the Nancy we met the boat of Soldiers, I asked them why they did not obey orders in going on board, they answered that on the thretnings of the Englishmen the Boatmen would not row on board, I ordered them ashore to receive further orders ; & went on board the Europe Ship who I found manning their Boat to force their way on board the Nancy, Mr. Monger thought proper to go ashore to acquaint the Govr. with what [passed] we were near the shore when we saw the fire of several small Arms, as in an Action, & on the barr we met with two Boats with a Company of Soldiers & an Officer &cs. going on board, when on shore we saw the Signals of two fires or lights on board which the Europe Ship's boat was to make when the Ship was Secured, on which all was easy for the night, it seems they were preparing to get under Sail when

——*FORT ST. GEORGE, JULY 1740*——

the boat boarded them, having sway'd up the fore Yard though the topmast was stroke: this morning about one o' Clock a part of the Soldiers with Cap^{t}. Coxon & Second mate Heath, both tied with ropes come on shore, they are now in the Black Hole, the other rogue whose name I beleive is Holmes, is in danger of his life, having recd. some wounds by the resistance he made, is on board the Europe Ship under the Care of the Surgeon; the Officers that were on board the Europe Ship's Boat, make affidavit, that as soon as they came near the Ship, & that they answered they were Frenchmen, were fir'd on by the Ship, on which they returned the salute & at once boarded her on her Bow; before the others had time to send the Grenadoes, which were all ready on the Quarterdeck, they found Holmes on the forecastle ready to fire a Second time, when he was wounded. This morning about 7 a Clock M^{r}. SIR

Your most humble & most Obedient Servant

TRANSLATE OF MONS^{R}. DUMAS LETTER TO THE PRESIDENT DATED 26TH. JULY 1740. N.S.

SIR

I have received the Letter that you did me the Honour to write me relating to the Affair of M^{r}. Coxon and the two Mates of the Nancy. I can't tell Sir whether you have been truly informed of what passed on that occasion, & therefore will give you the particulars, Cap^{t}. Monger who has been here some time with his Ship sold her to M^{r}. Pathelin & his Partners & went on board to deliver her to the Buyers. But when he got on board M^{r}. Coxson & his adherents threatned to throw him over board & obliged him by force to get out of the Ship, with those who went with him aboard, threatning further to fire upon them if they did not immediately retire. M^{r}. Monger came ashore, told me what had passed & desired me to let him have some force to get possession of his Ship which he told me the Officers & the Crew had an intention to carry away in the Night. It was six at night but I immediately sent a Sarjeant & six Men in a Chelinga to Order Captain Coxon who was on board to come & talk to me to let me know his reason for this Conduct promising him to do him justice. But instead of receiving the Chelinga I sent, they forbad them to come near them, threatning to fire at them, & they did actually get one of their Cannon and some Grenadoes ready to fire. The Sarjeant return'd ashore & told me what had passed which put me under a necessity to Order the Commodore of our Europe Ships to send his Boat armed on board the Nancy to seize these mutineers & bring them ashore, when the Boat got near the Ship & those on board had asked from whence they came the Officer answered it was the Commadore's boat & they were going on board by the Governour's Orders. The reply was a discharge of several musquets at our Boat which obliged them to fire also at the Ship. The Boats crew boarded her in the Bow & made themselves masters of her. They found M^{r}. Coxon & the other two armed with musquets & grenadoes & a single Cannon loaded with broken bits of iron & primed. Happily during this whole affair nobody was killed. Only one of the three English got some Cuts from a Sword which he is almost recovered of Now, Sir, be pleased to judge yourself of the Conduct of these three people and what punishment they deserve. I own I never did beleive they intended to turn Pirates but beleive all these impertinences are owing to Liquor.

The great regard I have for you, Sir, will engage me to proceed in this affair agreeable to your opinion. Nay I consent that you shall determine their punishment & will deliver them up to You on condition you will promise me they shall be punished. I shall wait your answer before any proceedings are begun against them.

I have the Honour to be &c^{t}.

—*FORT ST. GEORGE, JULY 1740*—

ANSWER TO THE FOREGOING LETTER FROM MONS^{R}. DUMAS DATED 18TH. JULY 1740. O.S.

SIR

Last Night I received the Letter you did me the Honour to write me dated 26th. July N.S. relating to the behaviour of M^{r}. Coxson & the two mates of the Nancy, & I cannot sufficiently express to you the concern it is to me that any of our People should be guilty of a conduct so shamefull & unwarrantable You have therein Sir laid me under a very sensible obligation in that you have been so kind to refer the matter to me and to consent that I should determine their punishment. But since, Sir, you are so good to attribute their folly & rashness rather to the influence of Wine than any piratical intention, I look upon it as a favourable Circumstance for them, to have You for their Judge & shall therefore leave them to be punished for this insult where it was committed requesting only in Consequence of the promise you have made me that they may escape with their Lives & Limbs saved to them, Whatever punishment less than that you shall think them deserving of, I shall esteem inferiour to their Demerits & shall think myself obliged to you for treating them so tenderly. I am further to desire you Sir to permit me afterwards to send for them that they may be sent to England It being highly necessary to remove such turbulent & mischeivous Spirits out of India.

I have the Honour to be with great Truth & Esteem

SIR

Your most humble & most Obedient Servant.

N°. 78 a Letter from M^{r}. Dumas &c^{t}. Council of Pondicherry dated 24th. August N. S. relating to four Men deserted from their Garrison to Fort S^{t}. David, & suspected of having murdered a Man, & whom they therefore demand in the name of his most Christian Majesty to be delivered up to them, proposing also the entering into a Treaty with Us about the delivering up such Criminals, as they have done with the Dutch and Danes on this Coast and with our Gentlemen at Tellicherry.

Fort S^{t}. David, about 4 deserted soldiers suspected of a murder.

N°. 79 From the Deputy Governour & Council of Fort S^{t}. David of the 13th. Instant, giving us their Sentiments of & an account of what has passed between the Gentlemen of Pondicherry and them in the Affair of the four deserters, and Inclosing a Letter they received from Pondicherry dated the 22^{d}. August N.S. & Copy of their Answer thereto dated the 12th. O.S. on that Subject.

——*FORT ST. GEORGE, AUGUST 1740*——

The foregoing Letters & the Subject thereof being taken under Consideration, The Board are of opinion that a murther attended with such Circumstances as that of the old Chouliar of which the four Deserters stand suspected with so much reason ought not to go unpunished, and that the giving up those Men is no Contravention to the protection of the Flag, upon promise of the Gentlemen of Pondicherry that if they are not found guilty of the Murder they shall be pardoned the desertion.

It's agreed that they be delivered up upon promise of pardon for their desertion if not found guilty of the Murder.

As to what is proposed both from Pondicherry and Fort S^{t}. David about entering into some agreement for preventing mischiefs of this sort in future, we think it may be better to hold ourselves at liberty in that respect, nor do we suppose the Gentlemen of Pondicherry will concern themselves further about it since we have complied with the Intention of such an Agreement in delivering up these Men.

Resolution concerning the Pondicherry & Fort S^{t}. David proposal of entering into an agreement for delivering up such Criminals.

AGREED to transmit the Deputy Governour & Council of Fort S^{t}. David our resolutions upon this Affair in a Copy of our Letter to the Gentlemen of Pondicherry.

John Savage
Sec^ry^.

To the Hoñble Richard Benyon Esq^r^.
President & Governour &c^r^. Council of Fort S^r^. George.

The humble Petition of Thomas Holmes, & Robert Heath, Mariners

Sheweth

That your Petitioners served as Officers on board the Ship Nancy lying at Pondicherry, of which M^r^. Monger was Supercargoe. That when Your Petitioners expected a Voyage to this Port of Madrass, the said M^r^. Monger sent to the Captain and told him, that he had sold the said Ship, and ordered him on board to deliver her at three in the afternoon to M^r^. Pattaleen; otherwise that he himself would deliver her. Upon which the Captain & Chief Mate Thomas Holmes went on board, and at three o'Clock came M^r^. Monger to see the Ship delivered as above. The Captain then asked him in what manner his Wages were to be paid, with what was due to his Officers & People; and what was to be done with the freight Bales which he had signed a Bill of lading for. To this M^r^. Monger made no reply. Whereupon the Captain addressed himself to the purchaser of the Ship & told him, he was ready to deliver her to him, if he would give his Word for the payment of the Wages due on the Ship. But the said Purchaser answered, it was no concern of his; if the Ship was delivered to him, 'twas well, if not, he would go on Shore. The Captain then told him, that he would wait on M^r^. Dumas in the Morning so they went away And as soon as they put off from the Ship your Petitioners struck the Yards & Topmasts; and there being a Shellingay aboard, Your Petitioner Thomas Holmes wrote a Note to Captain Jobbins desiring him to send three or four loaves of Bread. Which Note the said Mess^rs^. Monger, Barry & Pattleen carried to the Governour, and interpreted it that Captain Jobbins was to send not three or four Loaves of Bread, but three or four Boats of People on board, and that Your Petitioners intended to run away with the Ship. There is something so very extraordinary in this Affair, that it could scarce gain credit, had not Your Petitioners Thomas Holmes a Letter under Captain Jobbin's hand, which he will produce to the honourable Board, to give ample Satisfaction herein, M^r^. Dumas hereupon ordered a Guard from the Garrison to be sent to bring Your Petitioners on Shore, & in the Dusk of the Evening came two Shellingays full of Armed Men, to the great surprise of Your Petitioners, they being wholly ignorant of the design & business they could have on board. Your Petitioners hailed them, to know who they were & what they wanted. The Shellingays answered in English, Friends, & went away. But as Your Petitioners were informed afterwards M^r^. Monger was in one of them, & put on board the Europe Ship then lying there & gave four Rupees each to those that came with him to take Your Petitioners.

The Captain being something disordered, lay down, & desired Your Petitioners not to suffer any boats to come on board without hailing & knowing who they were. But between 9 & 10 at night came three or four Boats, which were hailed by Your Petitioner Thomas Holmes; but instead of Answer, fired immediately their Small Arms on Your Petitioners, & boarded the Ship, & wounded the said Thomas Holmes in several places in a dangerous manner; & robbed him of 25 Pagodas in money, his Watch and Buckles, & carried him on board the Europe Ship to stop the Blood & dress the

——*FORT ST. GEORGE, AUGUST 1740*——

Wounds: But the Captain & Second Mate they carried ashore & put in prison. About fourteen days after they sent the Chief Mate his Watch; but would neither bring the Man, who committed the Robbery to Justice, nor oblige him to return the Money; tho' Your Petitioner Thomas Holmes the said Chief Mate can swear possitively against him.

Your Petitioners are satisfied that M^r^. Dumas is a Gentleman of too much honour to suffer such Enormities. But they beleive, that he has not been acquainted with the circumstances of the Affair; & especially for this reason, that while Your Petitioners continued Prisoners there, they were debarred the use of Pen & Paper, whereby they might have represented their Case to him, & set the ill usage they had received in a true light.

But the behaviour of those who boarded your Petitioners, was too notorious to escape his knowledge for which he imprisoned the Officer, who commanded the Soldiers Which Affair introduced another Scene of Vallainy: for the said Prisoner to clear himself invented the most scandalous falsehood, & told the Governour that Your Petitioners fired first upon them, & that they only stood in their own defence. Your Petitioners are ready to take their Oaths, that they had neither flints, nor carteridges, nor Ball on board.

Another hardship Your Petitioners beg leave to complain to this honourable Board of, that when Your Petitioners were taken Prisoners, the Soldiers broke open & rifled Your Petitioners Chests & Escrutores, & they continued open till M^r^. Monger next morning went on board, & nailed and Sealed them, So that your Petitioners have great reason to fear that all their Effects an board are lost.

This is a true State of this Affair, for which Your Petitioners are confined, & have suffered such losses, besides the blemish cast upon their Characters, which to a Man of business is more to be dreaded than every thing else: But in the midst of all these misfortunes, they account it no small happiness, that they have the liberty to address themselves to this honourable Board, from whose Justice they may expect a redress of their Greivances. They refer themselves wholly to your goodness & compassion for the injured; beging leave only to acquaint You, that with the necessary expences they have been at since their confinement, their circumstances are much straitned; for which they hope this Honourable Board will make such provision as shall be thought proper And as in duty bound they shall ever remain full of acknowledgments.

THOMAS HOLMES.
ROBERT HEATH.

This Evening anchored in our Road the Honble Company's Ship Hardwicke Captain John Hallet from England. 20TH.

This morning came on Shore Captain Hallet of the Hardwicke with a Letter from S^t^. Helena, but no packet from England for this place. 21

Rupees & Redwood sent to the Bay on the Princess Louisa &

The Princess Louisa being near ready to Sail for the Bay, It's AGREED to Send thither on her a Supply of Eighty thousand 80,000 Rupees & thirty Tons of Redwood, & a further supply of the like Quantity of Rupees & Redwood on the Harwicke.

It being probable the Durrington & Ceasar may go directly to the Bay.

Agreed to desire the Gent^{n}. there to dispose of the Lead, Iron, Broad-Cloth &c^{t}. consign'd us by those Ships

except the Madeira, Coals & Gun Flints.

It being reasonable to suppose the Captains of the Durrington & Ceasar have the same Orders as Captains Cape & Mickelfield to proceed directly for the Bay if they do not arrive here by the last of August, and the lateness of the Season & other Circumstances making it probable those Ships may proceed directly thither, It's AGREED to desire the President & Council of Fort William in such case to open the Packetts for Us by those Ships & to dispose of the Lead, Iron, Broad Cloth & what other Goods they may find consigned to Us, as we beleive it would be more for the Company's advantage they should be disposed of there than to be at the Expence of bringing them up hither but for such things as they may beleive to be designed for Garrison Stores, It's AGREED to desire they may be sent hither on the Europe Ships in December, particularly the Military, Madera Wine, Coals & Gun Flints, if there be any of these last for us on those Ships, otherwise that they send Us what they can spare of their own Store, as also ten Chaldrons of Coals & more if they can spare them; & besides the Military we expect by those Ships, It's AGREED to desire they will Send Us as many more Europeans as will list we being in great want of them both here & S^{t}. Davids.

Tonnage wrote for to the Bay & Saltpetre.

The Board then proceeding to consider what Quantity of Tonnage we may be able to provide for in December & having computed the number of Bales we may reasonably depend upon here and at the Subordinate Settlements It's AGREED to desire the Gentlemen in the Bay to supply us with Tonnage for two thousand two hundred 2200 Bales which is somewhat more than four hundred 400 Tons; and that they will supply us with what Salt petre they can for a Stock against next Season, as the Wilmington and Colchester will reduce our Store to a small Quantity, acquainting the Captains of the Ship's they Send Us to fill up that we cannot let them have any here.

—*FORT ST. GEORGE, AUGUST 1740*—

The Bullion that may be consigned Us on the Durrington & Ceasar, It's AGREED to desire the Gentlemen of Calcutta to keep there as we have coined Eighty Chests into Rupees which we reckon is about one third of what may be consigned them this Year or would otherwise have been sent them from hence.

The Gentlemen of Bengal desired to keep the Treasure for this place by the Durrington & Caesar.

The Export Warehousekeeper delivers in his Indent to Bengal for Goods for Packing & Sale for the next Year which being examined & approved, is ORDERED to be copied hereafter & inclosed in our Letter by the Princess Louisa.

A Cable by the Heathcote reported damaged. A survey of it ordd.

700 Candys of Lead sold at 13 Pas. ℔ Candy to Linga Chitty.

The President acquainted the Board that some days ago Coja Petrus had been with him to know the Company's price for seven hundred [Candies] of Lead, Budda Sahib having wrote him for so much ; to which the President answered that considering the Quantity and what the last sold for at Outcry, he beleived the Board would

——FORT ST. GEORGE, SEPTEMBER 1740——

take 12½, but if he could get 13, it would be so much the better. Two or three days past Mr. Monson asked the President if Coja Petrus had been with him about some Lead, and whether he had asked him 13 ℔ candy for it, and the President answering he had, but had not seen Petrus since, Mr. Monson said the person who had wrote Coja Petrus had since wrote to Linga Chitty to enquire the Company's Price for the like quantity & in such Terms as if he conceived Petrus intended to make a profit upon it. Upon which the President and Mr. Monson agreed that since Petrus had been directed to ask 13, we ought for the sake of Petrus's Credit to insist upon that price, and now Mr. Monson acquainting the Board he had accordingly insisted upon 13 ℔ Candy with Linga Chittee, who had consentend to give it. The Board AGREED to sell the same.

Proposals for reletting the Cowles for the. Betle & Tobacco Farm

And then the President acquainted the Board that having good reason to beleive the Renters of the Betle and Tobacco Farm would fling it up as soon as their time expired having lost considerably by it the last five years, He had been for these three months past endeavouring to procure other persons to take it, but found it attended with great difficulties, however at last he had prevailed with Trivety Sashachilum, to take a part, but he being obliged to go into the Country before the President could get others to take the remainder, which having since accomplished & prevailed upon Moopar Chittee Eyanah, Velour Cauma Chittee & Subramony Chittee to be concerned therein, but who by reason of Sashachilum's absence could not entirely settle & agree upon their parts, the three last persons had proposed if the Board will give them authority to act with Sasachilum's Gomastahs till he returned in collecting the Duty, & pay in the monthly rent at the rate of ten thousand 10,000, Pagodas ℔ annum, but desired that the drawing out of the Cowle might be deferr'd till Sashachilum came to Town.

The Town Brokerage & Measuring Duty.

The president also acquainted the Board that he had likewise talked with Sashachilum before he went, and with the others when he was negotiating with them about the Betle Cowl and found them inclined to take the Farms of the Town Brokerage & measuring Duty when Sashachilum returns from the Country which will be in few days, the President added that the last Cowles for the Betle & Tobacco Farm & the Town Brokerage expiring the 5th. Instant: He had ordered the old Farmers to act in the Business from that time, till the Board should appoint other Persons with whom they were to account for the surplus time: The president also added That he wished he could have brought these persons sooner to an agreement, but the Betle & Tobacco Farm having been such a losing affair to the last Farmers owing to the scarcity & dearness of Tobacco & other accidents proceeding from the late Famines, he had found the Letting that Farm at the old rate, attended with difficulties almost insuperable, & was once afraid we should be obliged to abate considerably of it for the ensuing Term.

Resolution thereon.

The Board being satisfied That the late Betle & Tobacco Farmers suffered considerably in the time they have had the Cowle, & also the difficulty of keeping it up to the Old Rate desired the President to use his endeavours to perfect the agreement between Sasachilum & the other persons as soon as he returns from the Country and in the mean time that they be empowered to collect the duties arising on the Betle and Tobacco, and the Town Brokerage from the 5th. & on the Measuring Duty from the 20th. Instant.

The Fort St. David Letter concerning the murder of the Woman at Cuddalore. The disturbances raised by the Casts & The Behaviour of Vencatachilum considered.

As to the First & Second the several affidavits taken before the Deputy Governour making it evident the Death of the Woman was occasioned by some blows she received from some of the Left hand Cast in the riot at Cuddalore; which riot appears to have been in consequence of the first Dispute, wherein it's confessed the Left hand Cast were the Aggressors, but as it is not so plain who the persons were by whom the blows were given, It's AGREED to order & direct that a Fine of five hundred Pagodas, 500, be levied on the whole Left hand Cast, which it's to be hoped will be also looked upon as some Satisfaction to the Right hand Cast, & render it more easy to accommodate the remaining differences which Subsist between the two Casts. To THE HOÑBLE RICHARD BENYON ESQ^{R}.
PRESIDENT & GOVERNOUR &C^{r}. COUNCIL OF FORT S^{t}. GEORGE.

HOÑBLE SIR & SIRS

In obedience to your Commands I have perused the Accountant's Remarks on the Pagodas & Rupees coined in the Hon̄ble Company's Mint at Madrass.

As to the Madrass Pagodas I see no material difference being but one q^{r}. of a Grain in the Assay, & the Assaymaster never reports to less then a q^{r}. of a grain tho' it be 3/16 more, generally allowing the turn of the Scale in favour of the Buyer.

The Current Pagodas vary very much in all the country Mints especially since the last troubles, those five mentioned in M^{r}. Hort's Remarks are the best Matt that are now Current, I have lately tryed some of 74 Touch others of 70 Touch & some from the Southward not quite 50 Touch.

The undertakers of the Madrass Mint do not pretend to make the Rupees of so exact a weight as the English money, nor is it possible that they can, being obliged to weigh & melt every Rupee singly, having no flatting Mills or other Engines, as they have in Europe, so that often times some are half a grain or a grain under or over weight, but I myself take care that they want not above one half ℔ Mill at most as M^{r}. Monson the Warehousekeeper can testifie, who sees them weighed himself when he receives them into the Hon̄ble Company's Warehouse, and were the Minters to endeavour to be more exact the Coinage would be very tedious, so that the Hon^{ble}. Company's Ships could not be dispatched in due time to the Bay.

As to the Tower Assaymaster [reporting] the Madrass Rupees but 13 dw^{t}. Better than Standard it is probable he made the said Silver [. . .] same fire with gold assays, & all Artists will allow that Gold requires a greater heat than Silver and that Silver may be wasted in the fire by over heat. Fine Silver Assays are likewise very liable to spring in cooling by which means there may be more or less Loss.

——FORT ST. GEORGE, SEPTEMBER 1740——

I will not affirm that either of the above Accidents have happened to the said Assay or that Mr. Haynes has not allowed the Remedy, which is always customary in the Coinage of Silver in the Tower and at the tryal of His Majesties Picts. But this I do assure your Honour &c^{t}. that to the best of my knowledge I have never past any Musters of the Rupees less than $14\frac{1}{2}^{dwt.}$ Better than English Standard & they have been frequently $15^{dwt.}$ Better by reason it is not worth the undertaker's while [to] melt them over again for $\frac{1}{2}^{dwt.}$ Betterness. And I firmly beleive that none of the Goldsmiths or Cooleys dare to add any allay or mix coarser Silver after [it] is assayed & passed to them.

The Madrass Minters allow the same number of Rupees in proportion for the [new] Mexico Dollars as they do for Standard Silver [according] to their Contract with Your Hon^{r}. &c^{t}. Council when they were assayed & proved $3^{dwt.}$ Worse than Standard, and I cannot assign any reason why the Bombay Minters allow more unless they [work] cheaper in other Respects.

William Monson Import Wareh^{o}.k^{r}. pays in Two thousand, 2000, Pagodas in part for the Lead sold at Outcry in July last.

Prices of our merch^{ts} Cloths remarked on.

The Export Warehousekeeper lays before the Board the account of the Cost of the Salem Ordinary, midling and fine Long Cloths, as delivered into the Warehouse by the several Sets of Merchants which being dearer than the goods of last Year and the Salem higher prized than from the advices as yet received from Fort S^{t}. David, we beleive that cloth from thence will be, the merchants we[re] sent for, and

Being called in were told Their Cloth was considerably dearer than last Year, & even than that provided this Year at Fort S^{t}. David to which they answered, That they had bought it as cheap as they could, & had given in an exact & true account of the Cost, And if it was somewhat dearer than the S^{t}. David Cloth, That was to be accounted for by the greater distance & the extraordinary charge of Ox[hire] Peons, & Cooleys, Batty &c^{t}. To this the Board replied that if the Cloth which came over land quite to Us did cost somewhat more, than what went to Fort S^{t}. David, yet great

—*FORT ST. GEORGE, SEPTEMBER 1740*—

part of it was brought from Fort S^{t}. David hither by Sea, by which means much of the charge of carriage was eased, but that however even allowing that difference, yet still the Cloth was dearer. The Merchants then asked how much difference there was in the price and wherein it consisted which request (not having yet received the exact account from Fort S^{t}. David) we deferr'd complying with, till the account which was wrote for the [12th.] Instant comes up, and agreed then to meet in the Sorting Godown, and compare the Cloths together.

Letter to Bombay ℔ Royal Guardian agreed on.

Captain Hoadly of the Royal Guardian purposing to proceed on his Voyage to the Malabar Coast in two or three days, a draught of a Letter to send by him to Bombay is now AGREED on.

Galatea's sales at Bunder Bouchier delivd. in. Customs thereon ordd. to be demanded.

The Secretary delivers in as entered hereafter Captain Mylne Supracargo of the Galatea his Account Sale at Bunder Bouchier amounting to Two thousand seven hundred and five Tomaunds, Twelve Mamoodies & Eight Goz & a half, 2705. 12. 8½, on which he is ORDERED to demand of the Owners of that Ship the two ℔ Cent Customs at the rate of five Mamoodies for a Bombay Rupee (as we are informed they are computed at Gombroon) and reckoning the Bombay Rupees at three hundred & thirteen 313 for one hundred, 100, Pagodas.

Remarks on the Quality & prices of the Cloths of this place & Fort St. David

Having received from Fort S^{t}. David the account of the cost of the Cloth sent hither upon their running contract with the Merchants, the Board met this day in the sorting Godown, and compared the sorting of the Fort S^{t}. David Cloth with the sorting of that brought in by our Merchants here, and were of opinion, that most of our number Three Salem was equal to theirN umberTwo, and our Number Four much better than theirs ; for the same reason a great deal of our Number Two is equal to their Number One.

That their Fine Long Cloth is a different thread to ours, and though the Threads have beeen dropt in some of our Number Three, which occasioned some faults in it, yet we think our Fine Long Cloth in the whole, is a finer Cloth than theirs, and cheaper in proportion.

The Board then compared the prices of our Salem Cloth, with the prices of that received from Fort S^{t}. David, & found that one with another ours comes out 2. 20. 51 ℔ Corge dearer than that from S^{t}. David ; Upon which the Merchants being called in again, insisted that their Accounts were true, and that they would abide by them, and desired that we would send for the Fort S^{t}. David Merchants accounts, and that it might be specified therein, what they gave for the Cloth in the Country, and the particular charges of bringing the same from Salem to Fort S^{t}. David ; but as the examining into this affair will take up a great deal of time before we can come to any exactness, wherein the difference lies, the further Consideration was deferred till after the dispatch of the Colchester.

Remarks on the Quality & price of the Fine Goods provided by our merchants.

The Board then proceeded to examine the Morees and other fine Goods provided in this part of the Country, and observing most of [them] to fall short of our old Musters, the Merchants were examined concerning the same, and told, that we should be obliged to turn a great deal of it out ; to which they replied, that they provided these Goods only for their Brokerage, and they would give us a fair account of the Cost, but that we must not turn any of it out. In answer to which they were told, that they had Musters given them, and they were to provide Goods according to those Musters, and we would according to our agreement pay them what the same should cost ; but that a great deal of what they had brought in was so far inferior to those Musters, that it could not be called the same sort of Cloth, and therefore if they could not get such as was agreeable to the Musters, they ought to have declared so before, and returned the money, for at the rate they went on, and if we should take in all that they did from the Weavers, we should soon run into a different Manufacture. The Merchants having little more to say for themselves than that they had brought in the best they could get, and would give in a true and faithfull Account of the Cost and charges, they were ordered to withdraw, after which the Warehousekeeper was ordered to sort the whole, and to take in none that did not come up to Number Two in the Ginghams, Betteelas, Superfine morees, and Fine & Ordinary Morees & to Number Three in the Salampores and Long Cloth Fine, for so much as should come under those Numbers, the Board ordered it to be laid by for further consideration after the dispatch of the Colchester.

Ginghams, Betteelas Superfine, Fine & Ordry. Betteelas not to be taken in under No. 2.

The Fine Salampores & Long Cloth not under No. 3.

HOÑBLE SIR & SIRS

Having before I left Portsmouth received Orders from Mr. Secretary Mole to proceed directly to the Bay, If I found I could not arrive at this Port by the last of August, I think it my Duty to lay before Your Honour &ct. the absolute necessity I was under of coming to this Port, in excuse for my not complying with those Orders.

To that end I am to acquaint Your Honr. &ct. that I left Madeira the 11th. May O.S. my People being then in good Condition, but about the latter end of August the Scurvy began to Affect my Ship's company in such a manner that when I made the Island Ceyloan the 14th. Inst. there were upwards of Forty of my own People and nine of the Honourable Company's Soldiers down, & more falling down daily: So that on the 16th. I thought it proper to call a Consultation of all my Officers wherein they were unanimously of Opinion, That it was absolutely necessary for the safety of the Ship, & the Hoñble Company's Cargo to bear up for this, or some other Port on this Coast where We might get some assistance and refreshment, without which We could not possibly proceed to the Bay at this Season of the Year. Herewith I take the liberty to lay before your Honour &ct. a Copy of the abovementioned Consultation, and of the Report deliver'd me by the Surgeon of the Ship and his Mate, concerning the State of my People's health.

Having delivered the Honourable Company's Wine here, & taken in some Water, I hope, with the refreshment my People will get here, and the help of thirty Lascars, (I propose to hire to go with the Ship to the Bay) to be able to proceed thither in Six or Seven days.

COPY OF A CONSULTATION HELD BY THE OFFICERS OF THE DURRINGTON ON BOARD THAT SHIP OFF THE ISLAND CEYLOAN.

We the officers of the Ship Durrington in the Service of the Hoñble the United East India Company, at the request & desire of Capt. Richard Crabb Commander of the said Ship, that we would give him our Opinions, whether we think it adviseable

to proceed to Bengall in the present bad Condition of our Crew, fifty five of whom are Sick and ailing, & the remainder in so a weak a condition, as that (by a modest computation) three in their present State are but a bare equivalent for what one was Originally; and in regard to the lateness of the Season, and the dangers that may arise from thence from trifling Winds, or bad weather, the former of which would occasion the loss of many of our Crew thrô the length of the passage, & the latter disable even the few that we have from doing the Ship's Duty, the immediate consequence of which would be, the apparently risquing the loss of both Ship and Cargo, Do say each, & all of Us, That having maturely weighed (as far as our Capacities will enable Us) all the foregoing circumstances, & all, & every other circumstance, that We apprehend, does or may relate to the present Case, We give it as all and each of our opinions, that it is by no means safe or prudent to risque the gaining Bengall, but that on the contrary we should make the best of our way to Fort S^{t}. George, or any other near Port, where we have assistance to enable Us to persue such Measures, as then shall be deemed most fitting. At Captain Crabb's desire, In company with M^{r}. Ker, we made a particular enquiry into the State of the Ship's Company with regard to their Health, And do find fifty of the number Sick and ailing, the prevailing distemper reigning among them is the Sea Scurvy.

The Import Warehousekeeper acquaints the Board that he had again tried the Shroffs relating to the purchase of the Silver, but the best offer which had been made him as yet was from Linga Chitty who would take ten Chests at fourteen & five eighths $14\frac{5}{8}$ Dollar weight of Standard Silver for ten, 10 Pagodas, would pay ready money for five Chests & pay for the other five in one month : The Board beleiving they shall not have a better offer agreed to accept thereof and the Import Warehousekeeper is ordered to deliver ten Chests of Bullion to Linga Chitty upon those terms.

Linga Chitty's offer for 10 Chests of silver accepted.

——*FORT ST. GEORGE, NOVEMBER 1740*——

Money advd. Telesinga & Nellamoota Comrapa

AGREED that five thousand 5000 Pagods. be paid Telesinga Chittee & Nellamoota Comrapa for Callicoes brought in by them, and then they put the Board in mind of the promise made them in August 1739 that they should have two hundred Bales of the Broad Cloth received from Europe that year and the Consultation of the 21st. August 1739 being called for the Board observed that promise was conditional but however as Tomby Chitty and his Partners did the 20th. of last Month pay in the first payment and promised to be more punctual in the next in further part of their Debt, the Board were willing to comply with their request in letting them have one Third of the Broad Cloth received last year, but the price not being then Settled ; the Board asked them what they proposed to give for it, to which they replied that we must be very sensible how much the prices of all Goods were affected by the Troubles and the hazard there was of sending them up into the Country, that they knew we would not consent to abate any thing of the price we sold the Broad Cloth of 1738 for, and therefore they did not ask it, but they hoped we would let them have it at the same rate which was as much as they could afford to give with any hopes of a reasonable Proffit considering the risque they run in the Country, and the Interest they must pay as they understood they were to lay the money down before they took the Cloth out of the Warehouse.

1/3 of last year's Broad Cloth to be deliv'd them at the same price with that of 1738.

The Board having abundant Reason to be convinced of the bad Effects which the Troubles in the Country have had, and still have upon all Trade, that great part of the Broad Cloth which the other Merchants took out of the Warehouse the beginning of the Year remains still in Town, and that they have been obliged to sett [*sic*] it at a less price than formerly in order to encourage the Buyers and promote the Consumption, which is much decreased of late by the Warrs in Misore & Tritchanopoly which Countries when they were in Peace took off considerable Quantities. AGREED to let Tellesinga Chitty and Nella Moota Comrapa have Two hundred Bales or One Third of the Broad Cloth received last Year at Thirty 30 ℔ Cent advance as usual, but that they pay the money for it before they take it out of the Warehouse agreeable to our Honble Masters directions the 21st. March 1739/40 Par. 10. And that the other Four Hundred Bales or two Thirds be delivered upon the same Terms to Molinga Kistna and Ponnapa Chitty.

GEORGE TORRIANO.

Last Consultation read & Signed.

The President acquaints the Board that there has for some days been a Report that the Morattas were coming again into this Province, which had given a fresh alarm to the Inhabitants, That yesterday the families of several considerable Moor men came into Town, more were come to day, and others were upon the Road. That he had endeavoured to inform himself what might be the reason of the Morattas marching again towards Arcot, concerning which, reports were very different, but that which had the best authority, and which he hoped might be depended on was, that Ragojee Busseirah was coming with only three Thousand Horse to the Feast at Trinomoly, & tho' the Grand Army was advanced to Coloure it was only to receive the last payment due from the Nabob, who had sent Kistnajee Puntaloo to settle it with Them. However as neither Morattas or Moors depend much upon the Faith of each other; The Nabob was putting himself in a posture of Defence at Arcot, and had given leave to those who were afraid to stay there, to go and secure themselves where they thought fitt, till all matters were adjusted between him and the Morattas, and these last were retired again to a greater distance. In the mean time the President has given fresh directions to the Hircarras to observe what passed in the Country and Send him constant advices of the motions of the Moratta Forces.

The Morattas enter the province again.

The President then acquainted the Board that agreeable to what was recommended to him in Consultation the 8^th^. September, He had often since Trivitee Sashachilum's return from the Country endeavoured to settle all matters between him and the others proposed to be concerned with him in the Cowles for the Betle & Tobacco & those for the measuring Duty & Town Brokerage; but many difficulties had been started on both sides, till at last they had agreed that Trivitee Sashachilum and Subramony Chittee should be named in the Cowle for the Betle and Tobacco, and Gongadarah Eyah, Sombayah and Quotambaucum Gruapa for the measuring Duty and Town Brokerage, Quotambaucum Gruapa and Gongadarah Eyah not being of a rank equal to Trivitee Sashachilum is the reason his Gomasta Sombayah is named in his Stead. The President added that Sashachilum having occasion for his Interest and assistance in some Affairs in the Country, had given him an opportunity to Engage him in these Cowles which if he had not, that for the Betle and Tobacco must in all probability have been let at a much less Rent.

Cowles for The Betle & Tobacco Farm. The Measuring Duty & Town Brokerage relet on the former terms

Last Consultation read & Signed.

General Letters read viz^{t}.

N^{o}. 105, from the Deputy Governour & Council of Fort S^{t}. David of the 1st. Instant accompany^{g}. a Copy of their General Books Letter N N and their accountant's report of the Expences & Revenues of that Settlement for the last year, recommending one Omar Nina Maulim to a monthly pension, desiring directions concerning the levying the Fine upon the Left hand Cast & reletting their Arrack Farm, advising that the Morattas had plundered some Villages not far from them & repeating their request for a supply of Gunpowder and the Guns they formerly indented for.

Letters read from Fort St. David. Copy of their Books arrive. Annual report of the Expences & Revenues. Omar Nina Maulim recommended for a monthly pension. Advice of the Morattas. Request for Guns & powder repeated.

N^{o}. 106, from the Chief & Council at Vizagapatam of the 9th. Ultimo advising that they shall fall short of the number of Bales they expected when they wrote us last, by means of the dearness of Cotton and Thread, proposing to send hither or to Bengall as we shall direct about twenty four thous^{d}. 24000 Madrass Rupees which they have in Cash more than they shall have occasion for & inclosing their monthly Papers for September and October.

Letter from Vizagapatam. Expect to fall short of the number of Bales they hoped for Proposal to send hither or to Bengal ab^{t}. 24000 Madss. Rs. more than they will want.

—*FORT ST. GEORGE, DECEMBER 1740*—

Letter to Ft. St. David agreed on. Reletting their Arrack Cowle referr'd to the Depty. Govr. & Council. Their recommendation of Omar Nina Maulim complied with.

The Letter from Fort St. David of the 18th. of last month & that just now read being taken into consideration it's agreed to referr to the Deputy Govr. and Council to act with respect to their Arrack Farm as they shall judge most for the Company's Interest, & to permit them for the reasons they give in their Letter of the 1st. Instant to allow Omar Nina Maulim Three pagodas a month for his Life.

The Fine before ordd. to be levied on the whole Left hand Cast to be levied on Irsapa Chitty alone.

The difficulties represented by the Deputy Governour & Council in collecting the Fine of 500 pagodas we ordered to be levied upon the whole Left hand Cast partly as a punishment for the murder committed at Cuddalore & partly to deterr them from running into such a riotous & tumultuous behaviour at the Beck of those in power not appearg. of weight sufficient to induce us to retract our former Resolution that the Fine should be levied, and the Left hand Cast being represented so poor as to be unable to pay such a Sum, it's agreed to order it to be levied on Irshapa Chitty alone as the person who gave rise to all the troubles and who may thank himself for the disgrace it may bring on him, as we apprehend no prejudice to the Company's Investment therefrom & that the Scandal upon the Government will be much greater if such Tumults and Riots are suffered, & even murder committed with Impunity.

Our merchant's Accots. of the Cost of their Cloths delivered in. referr'd to the examination of a Comittee. Committee appointed. directions for their Enquiry. Copy of one of the Accots. enter'd after Consultn.

The Accounts of the Cost of the Cloth provided by our several sets of Merchants consisting of Several Sheets of paper the entering of all which after our Consultations would occasion a great deal of writing work, to prevent which it is agreed to appoint a Committee to examine the particulars & that it be an Instruction to them to report to the Board in what particulars our merchants have charged more than the merchants at Fort St. David on the Salem Cloth & also that they examine the merchants about the charges of bringing the Cloth from Fort St. David & Salem and whether the charge of eighteen 18 fanams ℔ Corge for Servants Wages & peons Batta be warranted by any account of the particulars. AGREED that Messrs. Burton & Morse be a Committee for this purpose, and that our Honble masters may see the nature of the accounts delivered in by the merchants ORDERED that a Copy of those delivered in by Telesinga Chitty & Nella Muta Comrapa be entered after this Consultation.

The Morattas again spreading over & plundering the Country. All our military ordd. upon duty & Provisions to be laid in for the Garrison.

All our Accounts from the Country agreeing that the Morattas are again spread over the province & have plundered several Towns and villages, it was thought proper to order all our military upon Duty & the paymaster is directed to make them the usual allowance of Arrack, and as we know not what further designs the Morattas may have the paymaster is also ordered to lay in a Stock of provisions for the use of the Garrison.

RICHARD BENYON ESQR. GOVR. PRESIDENT. — TUESDAY THE 9TH.
RANDALL FOWKE. AUGUSTUS BURTON.
NICHOLAS MORSE. WILLIAM MONSON.
GEORGE TORRIANO.

Last Consultation read & Signed.

Letter from Ingeram. Anawardee Cawn apptd. Nabob of Rajahmundrum. Imaum Sahib, Phousdar of Metchlepatam. Copy of the Books arrive.

Generàl Letter No. 107 from Mr. Prince at Ingeram of the 20th. Ultimo read in answer to several from Us, advising Annawardee Cawn's being continued Nabob of Rajahmundrum and Imaum Sahib appointed Phousdar of Metchlepatam, & accompanying a Copy of the Books of that Residency for the last year.

New Carpets to be bought for the Consultation room.

The Carpets in the Consultation room being quite worn out agreed that new ones be bought and the old ones be sold for the most they will fetch.

New state horse to be purchased.

AGREED also that a New State horse be purchased in the room of that which died, & that the Sumpter Cloths & other furniture be new made.

Servants Lodgings to be new painted.

The Company's Servants Lodgings in the Fort wanting to be new painted ORDERED that the paymaster get it done.

The Building a Wall behind that part of the Town, from Charles's Point to the Cloth Godowns considered

&

Ordered to be set about.

The Board having in Consultation the 30th. May last agreed that it was absolutely necessary that that part of the White Town lying from Charles point to the Cloth Godowns next the river should be inclosed with a Wall and having hitherto deferr'd the Consideration in what manner it should be built partly for want of materials & partly because the Morattas having come to an agreement with the Nabob to leave the Country on payment of a Sum of money, We thought there was reason to hope they would before now have returned to their own Country without giving us any Molestation, but as we look upon their late Conduct to be a breach of Faith with the Nabob and a manifest violation of their agreements with him, and it being confidently reported on all hands, yt. they intend to visit the Sea ports, the Board agreed it to be absolutely necessary that some Fence should be run up at the beforementioned part of the White Town as soon as possible but as we have not a sufficient Quantity of materials ready and perhaps also not sufficient time to build a strong Wall there, the paymaster was ordered for the present to run up a Wall of two Bricks & a half thick upon the Wharf which has been already built there by the Inhabitants and that it be twelve feet high above the Warf: The Expence of this will not be above four or five hundred Pagodas and our Intention is only to make such a Fence as may prevent the Enemy from marching directly into the Town and their Musketry from firing into the Houses either of which they might at present do if they have never so little resolution since the River is fordable and the bank on the opposite side as high as the Wharf on this, But as this is only a temporary Remedy & very far from a sufficient Security it is AGREED to represent the same to our Hoñble Masters and desire permission to secure all that side of the Town effectually by building a Curtain with proper batteries and points all along it.

Messrs. Burton and Morse deliver in their Report of the Accounts delivered in by the Merchants of the Cost of the Cloth in the Country, as entered hereafter ; Upon which the Board further remarked that except 18 fans. ℔ Corge, which some of it costs at Salem more than that brought by the St. David Merchants, and the charge of f^{s}. 30 . Ca. 50 ℔ Corge brokerage paid by our Merchants, The other Charges are incident to the great distance we are from Salem more than Fort St. David, but however all the charges together makes our cloth here come out Six ℔ Cent dearer than the St. David Cloth, whether it be so much better in goodness we must wait the Opinion of our Honble Masters from the Sale in England, but the Board are of Opinion that some reduction may and ought to be made in the Brokerage paid the Merchant's Broker at Salem, and that there may be a further saving in the Article of Servants Wages and the Peons Batta for carrying letters backwards & forwards. We say this will require to be considered before we enter into any further Engagements with our Merchants for next year, but at present the Country is so full of Troubles by the Morattas having entered a Second time into this Province and their intended march to the Southward that none of the Merchants think it safe to send any more money into the Country for the provision of Callicoes. When the Country is settled and we know what Quantities the Fort St. David Merchants will agree for, we may then consider whether it will be necessary that the Madrass Merchants should continue to provide Cloth at Salem, or whether it may be more for the Company's Interest to confine our Merchants to what Investment they can make in this part of the Country.

The Committee for examining the Merchants accounts of the Cost of their Cloths deliver in their report.

Remarks thereon.

The paymaster delivers in as entered hereafter a Calculate of the Cost of the wall to be built behind the houses on the West side of Charles Street along the River amounting to four hundred fifty Seven 457 Pagodas.

In a Letter of your Honour &cs. Council to this place mention is made of a Chest of Silver belonging unto me, I am greatly obliged to your Honr. &ct's. Councils care of it and request the favour that you will deliver it to Nicholas Morse Esqr. upon demand from him. I am with Respect

Your most Obedient Servant

Fort Willaim
29th. November 1740.

To the Honble Richard Benyon Esqr.
President & Govr. &cr. Council of Fort Sr. George.

Honble Sir & Sirs

Agreeable to your Order in Consultation of the 4th. this instant December, we have examined the Honble Company's Merchants concerning the Salem Cloth which they procure being dearer in the prime Cost & charges upon it, than that sent from Fort St. David, and they give us the following Account Vizt.

Tellesinga Chittee says he has provided as Broker for the Honble Company

		Cor.	Ps.		Ps.	fs.	
Already brought to account	...	359	18	at	40	18	℔ Corge.
Do.	...	79	4	at	40		Do.
not yet brought to Accot.	...	376					
Do.	...	156	6	at	39	18	Do.

——FORT ST. GEORGE, DECEMBER 1740——

We observe that upon this Cloth besides his own Brokerage of 1 Pagoda ℔ Corge according to Contract, he charges Brokerage given to his agents at Salem fan^{s}. 30 . 50 ℔ Corge, which is not charged on the Fort S^{t}. David Cloth.

To which he answers, that he bargained with his Agents there to give 1 Salem fanam a peice or Madrass fanams 30 . 50 ℔ Corge, to encourage them to take care and sort it well, that none may be returned on their Hands. And he further saith That the Cloth which his agents do turn out, is taken in at Fort S^{t}. David, and at Pondicherry at a lower price. This he alledges as a reason why his Cloth must necessarily come out dearer than theirs, and that he could not answer for the goodness of his Cloth from thence without being at that extraordinary Charge of Brokerage: And we think upon examination that his Cloth doth come out, according to the several sortments, better than that from Fort S^{t}. David.

Your Honour &c^{t}. will observe by the Paper herewith delivered you. That Co. Ps. 144 . 16 . of his Long Cloth already brought to account come directly Over land hither from Salem which has made the encrease of the Charges upon it by Oxenhire and Expences on the Road Pag^{s}. 1 . 8 . 75 a Corge more than upon that which came by Sea Cor. Ps. from Fort S^{t}. David Viz^{t}. 294 . 16.

We observe in the account the merchants have given in they have charged for freight Boat & Coolyhire on that brought by Sea from S^{t}. David after the rate of fanams 19 . 17 ℔ Corge, which charge appearing to us very large we called upon them to give us the particulars, and the Account they have given Us is as follows.

They likewise Charge 18 fan^{s}. ℔ Corge for the Expence of Servants and carrying Letters backwards and forwards, and this upon the Cloth bro^{t}. in from this Country as well as from Salem, & the account they give of the particulars is as follows.

In some particulars our Merch^{ts}. charge less upon the Salem Cloth than the S^{t}. David's Merchants, but our Instructions being only to examine the exceedings we have confined ourselves to Those, and we find the other Madrass Merch^{ts}. have charged the same in all particulars as Tellesinga Chittee and Nella Moota Comrapah, and give the same reasons for it, which we offer again to your Consideration and are
